The TextWork Writing Grant

Launched in 2022 to celebrate the 5th anniversary of the TextWork editorial program, initiated by the Fondation Pernod Ricard in partnership with the French Ministère de la Culture, the aim of the writing grant is to support the work of young authors working in the French scene.

Following the publication of texts by first-edition laureates Thomas Conchou and Anysia Troin-Guis, the Pernod Ricard Foundation will soon announce the publication of "Rumeurs des villes (City Rumours)", the text by Liza Maignan, winner of the second edition, for the year 2023.
